

**CR Number:** 66

**External Reference:** CR 1082

**Category:** Diesel Emissions Data in Inspection Reports and Snapshots

**Component:** Snapshots

**Synopsis:** A group of states is seeking to include diesel emissions data in inspection reports and flags in snapshots for interstate enforcement of environmental regulations. Corresponding CRs should be issued for changes to ASPEN and/or other inspection support systems.

**Status:** Open

**Disposition:** [2006-03-29] Open pending more information from states.

**Description:** [2000-06-09] DJ Waddell  
A group of states is seeking to include diesel emissions data in inspection reports and flags in snapshots for interstate enforcement of environmental regulations. Corresponding CRs should be issued for changes to ASPEN and/or other inspection support systems. The original emails from Massachusetts and New Jersey are attached. Also attached are two presentations made originally at the Eastern States CVISN Design Workshop that spell out the proposal.

[2000-10-27] DJ Waddell  
Analysis is provided in the attached file Diesel Emissions.doc

[2006-03-29] Presented again at the 2006-03-23 ACCB meeting. This CR was originally proposed by MD in June, 2000. MD said that sharing this data is important for the northeastern states, subject to Department of the Environment regulations. It would be very helpful if ASPEN supported diesel emissions data. APL will contact east coast states to see if they are still interested. WA will check with state patrols.
