Description: At the Sept. 19, 2002 ACCB meeting, Tania Rossouw of Wisconsin requested that an XML permit transaction be included in a future version of SAFER.

[2002-10-18 ncm] Presented and discussed at ACCB meeting 10/17/02. States agreed that the capability for SAFER to handle permit data is needed. This feature will not be included in SAFER 4.2, but will be added to the list for future SAFER updates.

CR 733 Falls under the Expanded CVISN "better e-credentialing." Remains open pending further analysis.

[2006-03-29] Presented again at the 2006-03-23 ACCB meeting.
This CR was originally proposed by WI in September, 2002. In order to share permit data through SAFER, we need to define what data is needed in the transaction. Long or short term permits? OS/OW permits? HazMat permits? Intrastate or interstate? NE issues short-term permits and views this as an intrastate concern. However, NV strongly supports the concept of permit transactions, as they issue annual permits and reciprocal permits with other states. Volpe was asked to report on what HazMat Safety Permit data fields are being sent to SAFER.
