

**CR Number:** 733

**External Reference:** Tania Rossouw, WI - VOLPE CR 16

**Category:** Need for permit snapshots

**Component:** CVISN Architecture and Standards

**Synopsis:** States requested that an XML permit transaction be included in a future version of SAFER.

Summary: This CR was originally proposed by WI in September, 2002. In order to share permit data through SAFER, states need to define what data is needed in the transaction. Long or short term permits? OS/OW permits? HazMat permits? Intrastate or interstate?

**Status:** Open

**Disposition:** [2006-08-21] Open pending stakeholder comment.

**Description:** At the Sept. 19, 2002 ACCB meeting, Tania Rossouw of Wisconsin requested that an XML permit transaction be included in a future version of SAFER.

[2002-10-18 ncm] Presented and discussed at ACCB meeting 10/17/02. States agreed that the capability for SAFER to handle permit data is needed. This feature will not be included in SAFER 4.2, but will be added to the list for future SAFER updates.

CR 733 Falls under the Expanded CVISN "better e-credentialing." Remains open pending further analysis.

[2006-03-29] Presented again at the 2006-03-23 ACCB meeting.

This CR was originally proposed by WI in September, 2002. In order to share permit data through SAFER, we need to define what data is needed in the transaction. Long or short term permits? OS/OW permits? HazMat permits? Intrastate or interstate? NE issues short-term permits and views this as an intrastate concern. However, NV strongly supports the concept of permit transactions, as they issue annual permits and reciprocal permits with other states. Volpe was asked to report on what HazMat Safety Permit data fields are being sent to SAFER.

[2006-04-19] Fields being sent to SAFER in attachment.

[2006-04-25] This CR will be posted to the listserv for a 30-day comment period.

Stakeholder action:

1. Review the attached document for Permit data already being sent to SAFER via MCMIS.

2. In order to share permit data through SAFER, states need to define what data is needed in the transaction. Long or short term permits? OS/OW permits? HazMat permits? Intrastate or interstate?

Respond to the listserv by 2005-05-17 with your answers to the questions above.

[2006-05-26] Discussed at the 5/18/06 ACCB meeting.

WA asked for more time to comment on this CR. APL will repost to the CVISN System Architects' listserv.

[2006-06-27] Discussed at the 6/22/06 ACCB meeting.

The ACCB agreed that this CR requires more participation from the stakeholders and additional research by Volpe/FMCSA. The CR will be reposted.

[2006-07-26] Discussed at the 7/20/06 ACCB meeting.  
Additional stakeholder input will be supplied to the CVISN System Architects listserv next week by Terri Ungerman. SD suggested getting onto their [www.SDTruckinfo.com](http://www.SDTruckinfo.com) site to see the types of permits available for their state.

[2006-08-07] Terri Ungerman, Oklahoma CVISN System Architect posted the following to the listserv:

[2006-08-21] Discussed at the 8/17 ACCB meeting  
Data element requirements for HazMat permits from the Alliance for Uniform HazMat Procedures, which includes 7 states, were posted to the listserv. Terri Ungerman also noted that since there will be other types of permits besides HazMat, a Permit Type data element should be added. Perhaps there should also be a way to indicate for which states a particular permit type is applicable. SD has identified about 30 different types of permits ([www.SDTruckinfo.com](http://www.SDTruckinfo.com)). The CR will remain open during this requirements gathering phase. Volpe will define each proposed data element. States are asked to continue to provide comments via the listserv.

[2006-11-21] Discussed at the 11/16/06 ACCB meeting.

Several months ago, Terri Ungerman collected data requirements for hazmat permit snapshots. Some states have expressed an interest in OS/OW and other types of regional permit snapshots. Other states have said they are not interested in any type of permit snapshots for e-screening. It was suggested that this CR needs a State

champion to develop the requirements.
