

CVISN Guide to Credentials Administration**Table of Contents**

1. INTRODUCTION	1-1
2. WHAT IS CREDENTIALS ADMINISTRATION?	2-1
2.1 Electronic Credentialing.....	2-3
2.2 Interstate Credentials Data and Fee Exchange	2-3
2.3 Interagency (Within Your State) Credentials Data Exchange	2-3
2.4 Electronic Screening Enrollment.....	2-4
3. WHAT ALREADY EXISTS?	3-1
3.1 Products Used By Carriers/Applicants	3-1
3.2 Products Used By States.....	3-2
3.3 CVISN Core Infrastructure Systems	3-3
3.4 Data Interchange Standards.....	3-4
4. OPERATIONAL CONCEPTS AND SCENARIOS.....	4-1
4.1 Key Operational Concepts	4-1
4.2 Credential Life Cycle	4-4
4.3 Operational Scenario	4-5
4.4 Example Operational Scenario: IRP Supplement, Add Vehicle	4-7
5. CRITICAL DECISIONS	5-1
5.1 Design Decisions	5-1
5.2 Planning Decisions	5-4
5.3 Funding and Contracting Phase Key Decisions	5-6
5.4 Development Phase Key Decisions	5-6
6. REQUIREMENTS & DESIGN GUIDANCE.....	6-1
6.1 State Operated Web Site for Credentialing	6-2
6.1.1 Operational Concept Guidance for Web Credentialing	6-4
6.1.2 Planning Guidance for Web Credentialing	6-5
6.1.3 Design Guidance for Web Credentialing	6-5
6.1.4 Implementation Guidance for Web Credentialing	6-7
6.1.5 Test Guidance for Web Credentialing	6-8
6.2 Computer-to-Computer Interfaces	6-8
6.2.1 X12 EDI Computer-to-Computer Interface	6-8
6.2.2 XML Computer-to-Computer Interface.....	6-14
6.3 Implementing both a Computer-to-Computer Interface and a Web Site	6-16
7. INTEROPERABILITY ISSUES/STATUS	7-1
7.1 Issues	7-1
7.2 Interoperability Tests.....	7-4

8. BEYOND CVISN LEVEL 1	8-1
8.1 Credentials-Related Aspects Beyond CVISN Level 1	8-1
8.2 PRISM Concepts	8-1
Appendix A. REFERENCES	A-1
Appendix B. OPERATIONAL SCENARIOS AND FUNCTIONAL THREAD DIAGRAMS	B-1
Appendix C. RECOMMENDED DEVELOPMENT PROCESS	C-1
C.1 Development Process Overview	C-3
C.2 Top Level Design Phase.....	C-5
C.3 Project Planning Phase	C-8
C.4 Funding and Contracts Phase	C-11
C.5 Development Phase "n"	C-13
C.6 Requirements Specification.....	C-16
Appendix D. CREDENTIALS ADMINISTRATION IN THE CVISN MODEL DEPLOYMENT STATES.....	D-1
D.1 California.....	D-3
D.2 Colorado	D-4
D.3 Connecticut.....	D-5
D.4 Kentucky	D-5
D.5 Maryland	D-7
D.6 Michigan.....	D-8
D.7 Minnesota	D-13
D.8 Oregon	D-14
D.9 Virginia	D-14
D.10 Washington.....	D-17
Appendix E. LESSONS LEARNED – CREDENTIALS ADMINISTRATION	E-1
E.1 Lessons Learned – California.....	E-3
E.2 Lessons Learned – Colorado	E-3
E.3 Lessons Learned – Connecticut.....	E-4
E.4 Lessons Learned – Kentucky	E-4
E.5 Lessons Learned – Maryland	E-5
E.6 Lessons Learned – Michigan.....	E-5
E.7 Lessons Learned – Minnesota	E-5
E.8 Lessons Learned – Oregon.....	E-6
E.9 Lessons Learned – Virginia.....	E-6
E.10 Lessons Learned – Washington.....	E-6
Appendix F. WORLD WIDE WEB SECURITY ISSUES	F-1

List of Tables

Table 4–1. Credentials Administration Scenarios for Interoperability Testing	4–10
Table 6–1. CVISN Guidelines for Carrier-to-State Interface Design.....	6–2
Table 8–1. Preliminary State Requirements for Credentials Administration Beyond CVISN Level 1	8–1

List of Figures

Figure 1–1. The CVISN Guide Series	1–1
Figure 2–1. Credentials Administration Overview.....	2–2
Figure 2–2. Vision: Electronic Business Transactions	2–4
Figure 4–1. Functional Thread Diagram: IRP Supplement, Add Vehicle.....	4–9
Figure 6–1. State Provides Web Site; Applicant Uses Web Browser.....	6–3
Figure 6–2. Example State System Design Including Credentialing Web Site	6–7
Figure 6–3. CVISN Level 1 Interfaces Related to Credentials Administration.....	6–9
Figure 6–4. Defining EDI Constraints Unique to the State	6–10
Figure 6–5. Defining Telecommunications & Network Constraints Unique to the State	6–11
Figure 6–6. State Provides An X12 EDI Computer-To-Computer Interface; Applicant Uses CAT	6–12
Figure 6–7. State Provides An X12 EDI Computer-To-Computer Interface; Applicant Uses FMS CAT Module.....	6–13
Figure 6–8. State Provides An XML Computer-To-Computer Interface; Applicant Uses FMS CAT Module.....	6–15
Figure 6–9. State Provides Both Computer-To-Computer Interface and Web Site	6–16
Figure 6–10. Approach to Multiple External Interfaces	6–17
Figure 8–1. PRISM Operational Concepts	8–3
Figure C–1. Overview of CVISN Deployment Process	C–4
